Education

- **Dewan VS Institute of Engineering & Technology, Meerut UP, India (B-Tech CSE)** 2018-2022
- **SD Inter College Sadar Meerut UP, India (12th, PCM)** 2017-2018
- **SD Inter College Sadar Meerut UP, India (10th, Computer Science)** 2015-2016

Experience

- **RSK Business Solution PVT (React Developer)** July 2023 - February 2025
  Worked on building scalable and responsive web applications using React.js and Next.js, Tailwind CSS Bootstrap CSS and Custom CSS too, and integrated REST APIs. Focused on performance and clean UI and mobile-friendly layouts too.
- **RSK Business Solution PVT (Frontend Developer Internship)** April 2023 - June 2025
  Built dynamic 'forms library', reusable components, and handled state using Redux and Context API. Delivered mobile-friendly layouts with Tailwind and custom css too.
- **Geekster (Technical Program Manager)** December 2022 - March 2023
  Geekster is an excellent platform for learning new software development technologies to crack interviews at reputed companies. Mentors solve doubts in every possible way.
- **Geekster (Teaching Assistant in (DSA))** September 2022 - November 2022
  During my time in this role, I have actively supported students in developing their problem-solving and logical thinking skills. I assist them when they encounter difficulties in understanding or building logic for given questions.

Projects
